Precision Plated Grinding Wheels for Tool and Cutter Grinders

## Tradesman 8" Precision Plated CBN Grinding Wheels

Tradesman eight inch precision plated CBN grinding wheels are balanced within 2 grams in-house and are characterized by their smooth running performance and long lifetime. Choose one of our four available grits: 80, 180, 320 and 600. These wheels are available with round or square corners.

### Square Corner

Our square cornered 8" grinding wheels have a full width of 1.27", 1/2" plated side flange, and 5/8" arbor. The square corners have a small radius to maintain plating strength. These wheels are available in four grits:

- T8-80 Square corner 80 grit
- T8-180 Square corner 180 grit
- T8-320 Square corner 320 grit
- T8-600 Square corner 600 grit

### Round Corner

Our round cornered 8" grinding wheels have an over-all width of 1.30", a flat width of 0.98", 1/2" plated side flange, and 5/8" arbor. The rounded corners have a 0.16" corner radius. These wheels are available in four grits:

- T8-80CR Round corner 80 grit
- T8-180CR Round corner 180 grit
- T8-320CR Round corner 320 grit
- T8-600CR Round corner 600 grit
